

Breaking  
the cycle  
of poverty  
in Jesus  
name.

Our burden for women, the opportunity to  
serve them, and the boldness to say yes.

Worthy Women Ministry is an  
individually funded ministry providing  
transitional housing, community, and  
mentorship to women seeking a  
deeper, more intimate relationship  
with Christ.

**Faith-Based  
Housing for  
Women**

Then they can urge the younger women to love their husbands and children, to be self-controlled and pure...

Titus 2:4,5

Women living in our home can stay up to two years while receiving access to our pillar services.

Equipping women in need to become self-sufficient, allowing them to focus on being all that God created them to be.

## Life-Skills

At Diasozo House we provide a wide range of life-skills based on the individual needs of each resident. All of our classes are provided in the home giving our residents full access to reach their highest potential regardless of transportation barriers. You can find a detailed list of classes we provide on our website.

## Supportive Community

The women living in our home are surrounded by a strong community of Christian women for them to lean on as they strive to become self-sufficient. Each resident participates in a support plan that is broken down into 3 categories: Health and Wellness, Employment and Financial Stability, and Housing Stability.

## Discipleship / Mentoring

Our discipleship / Mentoring program is a unique way for our residents to pair one-on-one with another woman who is a little further along in her walk with the Lord. Mentors meet with residents virtually every week, making it easy to connect and grow.
